

To Richard Booms, Booms Stone Company
From Jeffry T. Tomczak, TCC
Project University of Michigan
Mason & Haven Hall
Subject U of M Mason and Haven Hall
Letter of Recommendation
Date December 6, 2002

We are pleased to prepare this letter as a sign of our appreciation for the fine quality and workmanship resulting on the above-mentioned project. When considering the complexity and the challenges associated with the significant project, along with the magnitude of detailing, engineering, supplier coordination and close sequencing required to complete this large slate and granite flooring project, the Christman Company is very pleased and impressed with your firm. Every employee at Booms Stone, from estimate, managing, supervision and installation, demonstrated enthusiasm and pride within their work. This fact truly exemplifies the values and operating philosophy of your company.

The Christman Company looks forward to working with Booms Stone Company again, and would gladly recommend your firm for future stone flooring projects. Should you have any questions or concerns, please call me at 734.260.3785.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffry T. Tomczak". The signature is written in a cursive style with some loops and flourishes.

Jeffry Tomczak, TCC
Site Manager/Supervisor
